

# Suggested Donations

Used parts, frames, unrepaired bikes and time on our repair stands can be paid for at The WRENCH by making a “suggested donation.” Our doorperson will suggest a price for the parts plus time taken to fix your bike and you can pay based on your income/ability to pay. Many parts or bikes will have a suggested amount based on a fraction of the new part price, plus the amount of time and expense required to clean & repair that part or bike. Suggested donations, instead of set prices, are a way of making The WRENCH accessible to people of all income levels.

The WRENCH is a registered non-profit charity and your donations help us keep our tools stocked, lights on and doors open. Please donate generously!
